1. a) Explain the Social and economic changes in India after independence.

(OR)

- b) Write about any one environmental movement.
2. Read the passage given and comment.

The most important achievement of this period was the establishment of a stable democracy. The gradual emergence of a competitive multi-party system, with parties representing diverse interests was a real achievement if one were to compare India with other countries that got independence around the same time. India unlike other countries not only had regular, free and fair elections but also had genuine change of governments and leaders as well. The Indian Constitution not only guaranteed civil rights but also had an institutional architecture in place to endure its protection.

(OR)

- b) Read the passage given and express your opinion.

The People's Republic of China government was established in 1949. It was based on the principles of the 'New Democracy', an alliance of all social classes opposed to landlordism. Critical areas of the economy were put under government control. Once in power the CCP carried out large scale land reform measures which meant taking away the land of landlords and distributing them among poor peasants. The new government also managed to enact laws to protect women, their rights and abolition of polygamy. This enabled women to assume new roles and enjoy equal status visa a vise men in various fields.
